Description:

This brief American Foursquare style house has a lingering Queen Anne style influence in its semi-hexagonal projecting bay at the east side of the front elevation. It is a two story, two bay structure with a hipped roof and hipped roof dormer. The main entrance is located in the west end bay of the front elevation. The entrance treatment includes a transom and sidelights. There is a wraparound porch supported by paired square posts.

This is one of several foursquares scattered through Funkstown, representing the early 20th century architectural development of the town.
